

# Tallit

What?

Family Bar/Bat Mitzvah Workshop #4

When?

Sunday, March 29th  
9:00 AM

As part of this program, each family will be making a tallit. Your cooperation is appreciated in purchasing and preparing an appropriate piece of fabric for this morning.

Size:

Oversized Tallit - Approx. 70" x 40"  
Regular Tallit - Approx. 70" x 18"

The rectangular piece of fabric should be finished on all four sides. If you want to use a contrasting color for an 'atarah' (neckband) and to reinforce the corners, you will need approximately 1/3 yard more of material.

The neckband and corners can either be ironed on using "fusible web" or sewn on. Most importantly, there should be a finished hole or buttonhole in each of the four corners. The Religious School will provide you with kosher "tsitsit".

We look forward to an exciting morning!

If you need help or have any questions, please call Rabbi Rosenbaum at 233-9891.
