

## World Wide Wrap XIX and Breakfast Program

### Do I Really Have to Save for College?

(The Answer Might Be “No”!)

Sunday, February 3, 2019

We invite you to join us at minyan for the mitzvah of wrapping tefillin followed by a breakfast buffet with Beth El's own Frank Resnick. Topics discussed will include current issues in college financial aid and how it works, cost of higher education and affordability, and saving strategies especially if your child or grandchild is many years away from starting college.

Frank holds an MS Degree in College Administration from Indiana University and has worked in the area of college financial planning for more than 40 years. He's currently a college financing consultant and speaks frequently on the topic.
